MUNICIPAL NOMINATIONS

A week from next Monday, December 3rd, nominations for Mayor and Councillors will take place. Mayor George W. Smith has announced that he will be a candidate for nomination for a second term. Mr. Smith has filled the Mayor's chair very acceptably and with honor and dignity to himself and the city during the past year, and it is not likely that he will meet with any opposition. Aldermen Lord and Galbraith are two valuable members of the Council and as they are both willing to stand they should be re-elected. Alderman Stone has only been in the Council a few months and has made good, and should be given an opportunity to serve the city again. He will stand for reelection.

CHURCH NOTICES

A week from Sunday Rev. Brough will preach on "The Christian and the Modern Dance." This sermon was preached in Calgary and created no end of excitement and criticism.

Rev. John Cook, of Olds, will supply the pulpit of the Baptist Church next Sunday, morning and evening, and will take Poplar Ridge in the afternoon. Rev. Brough will take the services in Olds.

The parents and children of the Presbyterian Church are reminded of the special Children's Service next Sunday morning. All children, including members of the children's choir, to be in the church hall with their teachers at 10.45. The Dominion government has asked all ministers to call attention next Sunday to the Victory Loan. The subject of study at the evening worship will be: "National righteousness and national responsibility for material wealth. Sabbath School at 3 p.m."

The services at the Methodist Church next Sunday will be conducted by the Rev. Geo. D. Armstrong, B.A., of Olds, who will preach at both services. As Mr. Armstrong is known as a strong preacher his visit is anticipated with interest.

PENHOLD

Farewell sermons were preached in the Presbyterian church by the pastor, Rev. Brooker, who with his family are going to Washington to take up a new field of church labor. Mr. and Mrs. Brooker and daughter Dorothy, will be missed in this community, and will have the good wishes of all who knew them in their new undertaking.

Evening song and sermon was held in the Anglican Church last Sunday, when the Rev. Orton gave the address. Next service will be held in Sunday week, December 2nd.

Mrs. Wells was taken to Red Deer Hospital last Saturday, as she has been very sick.

A Red Cross meeting was held last Thursday, when a good number of ladies were present and a good sum was collected by the 10c tea and subscription.

A dance was held on Friday in the McKenzie Hall.

Mrs. Wood and Baby are doing fine. The new elevator is just about complete, and will be on the market for sale soon.

Heavy fighting is taking place on the Italian front, but they are holding their own.

CLAIMS DISALLOWED BY TRIBUNAL

UP TO SATURDAY LAST.

The Tribunal sittings being held at Red Deer Court House are progressing very well. The board consists of Judge Mahaffy, Mayor G. W. Smith, and the Military representative Col. Corpi. W. Peterson. A number of claims come in every day from the district and about one third of these have been disallowed. So far the military representative is satisfied, and has no cause for appeal. There are a great number of families around the district who have three or four boys on the farm, and the Tribunal in nearly every case has seen fit that at least one representative must go. All the exemptions that have been granted practically have all been farmers who are actually producing, and not solely squatting on the land. A rather novel ruling was given on Friday in the case of a young man who is the only single one in the family and who is working his father's farm, and whose parents have done practically all for patriotic work. He is exempted for three months, and has to show at the end of that time just what he has done to help on patriotic work, the Tribunal finding that if he stays at home he must pay. Some of the applicants have been disagreeably surprised at the knowledge of their business which the military representative has.

The following is a list of claims disallowed:

- P. C. Wiggin, farmer, Evars.
- E. F. Schill, farmer, Evars.
- D. L. Walker, farmer, Evars.
- Nels Bergstrom, farmer, Sylvan Lake.

John Teasdale, butcher, Red Deer.
C. A. Pass, farmer, Sylvan Lake.
R. Thorikman, farmer, Eckville.

Some of the grounds given by claimants for exemption as to why they should be granted exemption are rather amusing and carry very little real weight with the Tribunal. The following were granted exemption until they cease to be farmers:

ROLL OF HONOR

Sergt. R. E. Burch, one of Red Deer's old time citizens, but latterly of Winnipeg, is reported as killed in action. He belonged to a Winnipeg battalion. Commissioner A. T. Stephenson received a field card from him only last week.

Rev. W. G. Brown received word on Monday of this week that Pte. Arthur Cairns, only surviving child of his old sister, had been killed in action in France on the 10th of November.

Word was received by the relatives of Lieut. John Bain, at Calgary, a few days ago that he had died of wounds in France. For some years Mrs. Bain and her two sons resided at Pine Lake.

Word was received recently of the particulars of the death in action of Lieut. Ivan M. Fisher, the adopted son of Mr. and Mrs. F. Fisher. He was mortally wounded on August 10th, 1917, in the battle of Hill 70, in front of Loos, where he crossed the enemy barrage eight times carrying messages, for which he was commended for D.C.M. He died August 16, and was buried Aug. 17, in the little village of Vieux les Mines, just back of Loos. He had been in the trenches over fourteen months without leave.

Word came through yesterday that Pte. Byram had been wounded and his relatives were notified of the fact. Commissioner Stephenson has word that his brother, E. J. Stephenson, of Toronto, a prominent labor leader in Ontario, had received a penetrating wound in the side. His brother-in-law, Ernest Davies, of Vancouver, was very recently badly shot up by machine gun fire.

Boy Gung was accepted at Winnipeg for the Royal Air Service, and will have three weeks at home before reporting at Toronto.

WEDNESDAY, NOVEMBER 21, 1917

VOTE FOR DR. CLARK.

The great fight is on. Dr. Michael Clark is the recognized leader of all those who favor standing by our boys in the trenches from the Red Deer Riding. He has accepted the duty of battle and from now to polling day on the 17th of next month he will be found in the front rank of the fighting forces of Canada, valiantly battling for a Liberal Unionist government pledged to prosecute this terrible war to a finish and for the honor of Canada and the Empire we love.

The vote for Dr. Clark in Red Deer will be very large, as both parties are pretty well united, but no stone must be left unturned to pull up the largest majority for him in the history of the province. Outside of those who have an axe to grind, or one in full sympathy with the enemies of Canada, there would be few workers for the Bourassa, Laurier, Oliver, Cross party, and new recruits are joining up with the Unionists daily.

The great effort will be that has spoken and decided elections with no uncertain sound in the past in Canada, will again speak, and will, we believe, stand largely by Canada and Union government.

The blood of our heroic sons on the battle front calls out to us to stand by the nation and our army in its hour of need. We believe Canada will ring true both in sympathy and support.

WE WANT MORE FISH.

Isn't it about time that the Food Controller, who urges us to eat more fish, looked into the fish trust of Alberta. Thousands of tons of finest fish are caught in the northern lakes of this province, which are shipped to the United States, most without the people of Alberta having a chance to secure a pound of it. Alberta fish should be reserved for the people of the province.

TIME TO CALL THEIR BLUFF.

"Fight or perish," says an American in another column. That is the whole question in a nutshell. There are mouthy people in Red Deer who are still talking against the war, who are still talking against the government, and everything long. Fight or perish should be our slogan and the people who are standing by the Empire should see that the yappers are silenced. People with good rich red blood in their veins are beginning to grow restive under the strain of these objectors and fault finders, some of them neutrals, but worse than Germans every time. It is time to call their bluff.

The convention held in Edmonton last Saturday, along with Mr. Bourassa's statement, have cleared the situation up completely in the mind of the editor of the Calgary Albertan who was sufficiently sane to liberate at the provincial elections in June to win North Calgary for his party.

The opponents of the Union government, the writers, are definitely and positively opposed to the Military Service Act. The entire Laurier party, from Mr. Bourassa to his supporters in Alberta, are at one on that issue, which is the one big issue in this campaign. It is almost as plain as a direct referendum upon conscription. The issue is the greatest which has ever been placed before the Canadian

not for a misguided theorist, but for a German soldier doing military work for Ludendorff, and for the same purpose for which Ludendorff is doing it—to bring about disaster to our army. Throughout the war socialism has worked on the side of Germany, always helping the enemy of the democracies of England, France, Russia, and the United States.

WHERE OLD-TIME LIBERALISM STANDS

Edmonton Journal.—With the state in danger, why should the party divisions on the old lines continue? The Union government needs a genuine demand in the name of the nation in which Liberals and Conservatives have sunk their old differences over small issues in support of it. We find Grits and Tories gathered together in the same conventions and co-operating in the most friendly spirit. Those well acquainted with the bitterness of party feeling in Canada in the old days find the spectacle almost too good to be true.

The greatness of the cause for which the Union government stands has, for those who appreciate what hangs upon the results of the war, dwarfed everything else. Nothing besides the war matters with them for the moment.

There are a few who are sincerely anxious to have Canada do its duty and who are still disposed to obey the instinct of party loyalty cannot be denied. Their attitude is a mistake in two ways. They have no right to sacrifice the interests of their country for those of a party and in the second place they are showing greater loyalty to traditional Liberalism by supporting the Union government than by supporting its opponents.

Out side of Quebec there are not more than half a dozen Liberal members of the last parliament who are adhering to Sir Wilfrid Laurier. We have them in Alberta, Hon. Frank Oliver, who backed up his leader at every stage of his opposition to the Military Service Act, and Mr. W. H. White, the late member for Victoria, who after abstaining himself from the house on the critical vote on the second reading of the bill, finally lined up with the majority of Liberal members and supported it on the third reading. Sir Wilfrid is criticizing the act for which he voted, having secured an unexpected nomination as the Laurier candidate in the new constituency of Victoria.

Opposed to these men are all the other members of the Liberal party in the province and in the Unionist cabinet we find the former Liberal premier of Alberta.

It is the same all through Canada, with the single exception of Quebec. The outstanding Liberal of the Maritime provinces are undoubtedly Hon. George H. Murray, for over twenty years premier of Nova Scotia, and Hon. W. S. Fielding, his predecessor in that post and minister of finance in the Laurier cabinet, who in the term of its existence. Both of these men have endorsed the Union government.

In Ontario the leader of the party is Sir John A. Macdonald, the man who more than anybody else since his defeat in 1905 has succeeded in infusing new life into it—has joined Sir Robert Borden.

In Manitoba and Saskatchewan there is absolutely no disagreement among the leaders of the Liberals. They are all behind the Union government. Hon. J. A. Calder, whose prominence in Saskatchewan Liberalism hardly needs to be referred to, resigned from the provincial cabinet to accept a portfolio at Ottawa. Manitoba's Liberal representative is the head of the Grain Growers' Grain Company, Mr. Crear, a British Columbia Liberal, the premier and his cabinet colleagues have thrown their weight behind Unionist candidates. The Laurier cause is championed by the Vancouver Free Press, which in its editorial distinction with the Oliver-Cross delegates from Edmonton belittled the Winnipeg convention. This junta is fighting the B.C. premier just as it is fighting Sir Robert Borden and his colleagues.

The unanimity of the stand of Liberal newspapers throughout the country is more remarkable. When every one tells you that you are being untrue to Liberalism by supporting the Union government you can afford to smile at him when you know that government is also being supported by the Toronto Globe, the Winnipeg Free Press, the Toronto Star, the Halifax Chronicle, the Victoria Times, the Regina Leader, the Calgary Albertan, the Lehigh Herald, and practically every other Liberal newspaper of consequence in the country.

The charge being made that these publications have been bought up by the "interests" is so foolish that it is not worth answering. If the service which these papers have rendered in the past to their party is not sufficient to make them immune from the effect of such slanders nothing that can now be said in their defense will have any influence.

It is true that while Sir Wilfrid has been deserted by the public men and these newspapers he has received support from other quarters from which at other times he received opposition. Henri Bourassa, the man who has been everything in his power from the early days of the war to discourage Canada's participation in the struggle and wishes to have us withdraw from the war entirely, has declared that Sir Wilfrid is a traitor, a coward, a failure. He and his newspaper, Le Devoir, are exerting all their power to secure the return of Laurier and

UNION CABINET GAINS STRENGTH

From the Grain Growers' Guide.

All signs indicate that throughout English speaking Canada public opinion is rallying strongly to the support of the new union government. Only a very small portion of the press remains antagonistic, together with a minority of the old hard-shell party veterans. Public opinion has been for many months demanding with ever increasing insistence that a national government or a union government be organized for the purpose of the war. Canada can now hold up its head along with Great Britain, Australia, New Zealand, and South Africa. The personnel of the new government is remarkably strong. Sir Robert Borden has succeeded in bringing together the very cream of the brains of the Liberal, Independent, and Labour elements of Canada outside of Quebec. Impartial observers must agree that never since confederation has there been a cabinet at Ottawa containing the brains, force, and executive ability represented in the new union government. What looked to be an impossibility has become an accomplished fact, and Canadian citizens generally are gratified with the result.

There are, of course, some disappointed and dissatisfied ones among the ranks of the two old parties. Occasionally we hear the charge that the Conservative party has been wrecked by the premier and those who have assisted in the formation of a union government. We also hear that those Liberals and Independents who have joined the union government have sacrificed their principles. It is a poor time to bring forward such charges and it is not the broad minded citizen who makes them. The Conservative party by the aid of the new franchise act and the soldier vote was certain of a victory at the polls. The composition of a union government, therefore, is very highly creditable to Sir Robert Borden and his colleagues who shared in it. Those Liberals, Independents, and Progressives who entered the government have not sacrificed any principle whatever. They still stand for the same principles for which they stood before they entered the government, but in the hour of national disaster both sides have realized that there is something more important for the immediate present than even great economic principles which the West so strongly supports. History will accord a high place to those strong men in both parties whose love for their country has been greater than their love for party.

The organized farmers of the prairie provinces ever since the outbreak of war have demanded a national government at Ottawa, and we believe that their support to the new union government will be wholehearted, and in the highest degree patriotic. There are certain well-defined and fundamental principles which the organized grain growers have stood for many years. They adhere to those principles as firmly to as ever. But the organized grain growers are not the type of citizens who waste the strength and the resources of the nation by internal strife when the enemy is literally pounding at the gates. We believe that the grain growers are willing to accept any reasonable terms for a cessation of internal political struggles until the enemy has been forced to surrender.

"FIGHT OR PERISH" SAYS AMERICAN

From the Wall Street Journal.

Questioning more intelligent canvassers who have been working on the food saving problem in the past week will disclose some interesting facts. These house to house canvassers have been met with indifference, with positive refusals, and the oft-repeated "England war men" and "why Sir Robert Borden sent our men to France?" The German propaganda, its agents, and its dupes are still here.

Here is a peril that needs to be shelved as steadily and persistently as the British and French commanders press against the foe. Disloyalty must be met. The ignorant must be taught, and the adder ear of the indifferent opened to the fact that this is our war, that we entered it to save our free institutions, that we are fighting for our national existence, and that at no time has the peril been greater than now.

What is Germany fighting for? Sir Borden has said in his proclamation to the army early in 1916, in which he said:

"The triumph of the Greater Germany, which some day must dominate all Europe, is the single end for which we are fighting."

The single end! Since the war began evidence has been mounting to convince the most unwilling that this war is the result of long and carefully worked out plans.

But should old-time Liberals show loyalty to the leader who has these allies, or to men like Murray and Fielding and Rowell and Calder and Sifton and Clark and Brewster? Should they pay heed to what they read in the Edmonton Albertan and the Montreal Devoir or to the counsel of the Toronto Globe and the Winnipeg Free Press?

to accomplish a definite purpose. This war, with the domination of Europe by a part of the larger and more ambitious plan.

At the Potsdam conference in July 1914, held for the purpose of ringing up the curtain on the first act of the great world drama, the Kaiser said: "From childhood I have been under the influence of five men, Alexander, Julius Caesar, Theodor II, Frederick the Great, and Napoleon. Each dreamed a dream of world empire; and they failed. I am dreaming a dream of German world empire, and my malleable fist will succeed."

A generation ago John Lord wrote: "What Rome was Prussia destined to be." Was it prophesy, or did that keen historian read the future in Prussia's past?

At this conference the Emperor showed a map of the old Roman empire, with all the principal countries as its vassals. That was what Rome was. What does Prussia aspire to be?

He exhibited another map showing the world when his dream came true. "France, England, Ireland, Russia—in all, Europe was shown as Germany. Across the water was the United States with 'Germany' as its name. 'We will be our best friend and lead of every nation on earth,' said he, 'and the United States and Canada in three years.'

This is why it is our war, and why we send soldiers to France to fight before it is too late. We must fight now or perish.

RULING PRICE OF BUTTER UNNATURALLY HIGH, IS UNJUSTIFIABLE

FINDING OF W. F. O'CONNOR, ACTING COMMISSIONER ON HIGH COST OF LIVING.

NOVEMBER FIGURES SHOW 34 PER CENT. INCREASE IN STORAGE.

Ottawa, Nov. 16.—A steady accumulation of butter is commented on by W. F. O'Connor, acting commissioner, on the high cost of living. In his monthly report on food commodities covering the amount of food held in cold storage on November 10 (see figures), as to butter in storage showed a 24 per cent. increase. November figures show a 34 per cent. increase as compared with a year ago. The commissioner finds it difficult to appreciate either the reason or necessity for this. He points out that butter is not a seasonal commodity and the ordinary export demand is not abnormal. In his opinion the ruling price of butter is unnaturally high and is held up to some extent, at least, by means of unjustifiable action.

PRICE SHOULD DECLINE.

"The price of butter," says the commissioner, "should decline. The conditions do not justify the present price and under the terms of order-in-council of November 10, 1916, offers of 'reasonable prices,' therefore, to those holding undue quantities cannot be refused without the risk of offering against the terms of that order-in-council."

The commissioner also expresses dissatisfaction with regard to the egg situation. He points out that the increase of holding is only 4 per cent., but the circumstances are peculiar. Exports as shown by the department of Customs for October decreased from 1,574,034 dozen in 1916, to 951,134 dozen in 1917. "There is," says the commissioner, "notoriously an absence of opportunity to ship, which has resulted in a falling off in demand. Perishable stocks are being held, notwithstanding. It would seem that plain common sense would dictate the placing of these egg stocks in the Canadian market at once, otherwise there is likely to be serious loss of valuable food."

COMPARATIVE PRICES.

The commissioner explains that the holdings of the firms reporting quantities of food commodities on hand November 1, 1917, who also have reported for November 1, 1916, show the following comparison:

Nov. 1, 1916	Nov. 1, 1917
Eggs	8,012,681 3,344,958
Butter	9,467,294 12,700,721
Cheese	10,706,386 9,332,547
Beef	23,760,993 25,705,467
Pork	5,130,423 5,159,928
Bacon and ham	8,565,417 17,469,587
Mutton and lamb	2,263,074 2,008,856
Fish	10,511,671 10,531,454

Per cent. increase—Eggs 4, butter 34, beef 8, pork 6.

Per cent. decrease—cheese 13, bacon and ham 5, mutton and lamb 9, fish 2.

Local Improvement District 339

HAVE YOU BOUGHT YOUR VICTORY BOND YET?

The attention of the Ratepayers of the above District who have not paid or worked out their taxes, is drawn to an amendment to the LOCAL IMPROVEMENT ACT, whereby the provisions of sections 393 to 399, both inclusive, of the RURAL MUNICIPALITY ACT, as to distress for taxes and proceedings for forfeiture of lands for non-payment of taxes, shall apply to lands under the LOCAL IMPROVEMENT ACT.

These sections are too long to be given in full, but the following is an outline as to forfeiture of lands for non-payment of taxes, and the Council intends to take full advantage of its new powers to collect all outstanding taxes.

All land against which there are any arrears of taxes will be placed on a "TAX ENFORCEMENT RETURN" during January; this return, when added, is submitted to a Judge of the District Court for confirmation.

When the "TAX ENFORCEMENT RETURN" is confirmed by the Judge, and registered in the office of Land Registration District, the ownership of lands on the return is vested in the Local Improvement District, free from all liens and encumbrances.

If after ONE YEAR, the taxes, costs, expenses, etc., against the lands have not been paid, it becomes the absolute property of the Local Improvement District, and subject to the approval of the Minister, may be sold, leased or otherwise disposed of by the Council on such terms and conditions as it may fix.

For the purpose of giving information with regard to this new law, and for the collecting of taxes, paying wages and accounts, and the transaction of Local Improvement District business generally, I will be at my office, Room 10, THE NEWS BLOCK, Red Deer, daily (Sundays and Holidays excepted), until further notice.

SUPPLY & DEMAND !

The law of **SUPPLY AND DEMAND** was formerly the determining factor in the regulation of prices. But the old way of doing things has been to a great extent **RE-EGATED TO THE SCRAP HEAP**, broken down under the rationing regulations.

The fundamentals are simple enough. First—Consumption has increased far beyond the possibilities of production, so there is actually not enough of anything to go around, when you consider world consumption.

Second—The law of supply and demand, which

acts as a balance wheel in normal times has utterly broken down.

Third—Therefore it became necessary for us to line up our stocks for this unsettledness of market conditions, and without taking advantage of the unusual situation to advance our prices. We are offering in nearly every line high-class merchandise desirable and suitable to our customers at much less than present quotations, and indeed many lines in our stock are no longer procurable in the manufacturing and wholesale trade. Don't overload, but buy what you need.

WINTER APPLES !

The orchard in which our apples were grown is situated on a beautiful sheltered hillside overlooking a beautiful lake in the Skanagan district. This young orchard, which has been bearing for only six years, is the pride of the heart of the owner, who knows and prunes every tree personally, spraying as required and personally directing the picking as the fruit matures and is at its best. This is possible because his crop is six cars of the choicest fruit in five varieties only, Wagner, Jonathan, Rome Beauty, Winesap, and Yellow Newton.

THESE ARE WORTH \$2.15 to \$2.50

We have a cheaper stock if you want it at **\$1.95**.

We have the largest and most complete stock of

Good Service - Better Service.

To meet the peculiar and exacting demands of war time conditions, particularly in the matter of economy and the maintenance of **GOOD SERVICE**, we have installed a Cash Register System throughout the entire store, and we believe we now have the Best Cash System in Western Canada.

The machines were built specially for us by the National Cash Register Company. They are the latest and most improved Machines it is possible to get for our purposes, and with them we speed up and improve our service equal to employing three more experienced clerks, which, incidentally, are not very easily located just now.

In addition to the enormous saving to ourselves in sales-people's time, we are not unmindful of the great saving to our customers in eliminating the time lost in waiting for change.

Every transaction is "rung up" on the machine without a moment's delay, and you are handed a printed record of the amount of your purchase or any other transaction you may make, even to the amount of produce you bring in, if you happen to be one of the fortunate ones who have such valuable commodities to sell.

A Printed Register Record will always be handed to you with your parcel, or immediately the transaction is made.

ITALIANS LEAVING CITY OF VENICE

HEAVIEST ART TREASURES BEING TAKEN TO PLACE OF SAFETY.

Venice, November 16.—The evacuation of Venice is almost complete, this city having undergone the same treatment as Treviso and Vicenza, with the difference that its art treasures were so numerous and of such colossal proportions that an army of workmen was required to transport them. The great pictures, carvings, fine glassware and vases and similar art treasures were transported easily, being removed at the beginning of the war.

The present removal of art treasures included the heaviest works, which up to this time had been protected by sand bags or hid in cellars. The most important was the Bartolomeo Colleoni monument, the last work of Andrea Verrochio, the master of Leonardo Davinci. It was erected in the fifteenth century and was considered one of the finest equestrian statues in the world. The four gilded bronze horses from the Basilica of St. Mark were also removed. This was their fifth journey, as they were taken from Rome to Constantinople and thence in 1904 to Venice. More than a hundred years ago Napoleon took them to Paris, whence they were returned to Venice. They now probably will be housed temporarily in the museum of the Baths of Diocletian at Rome.

AUSTRIAN STATEMENT.

Vienna, Nov. 13 (Delayed).—The official statement from general headquarters today reads:

"Italian theatre: additional high positions have been taken from the enemy in Sette Camuni. To the east of Grigno the Austro-Hungarian troops stormed an armoured work Camp, Di Campo, at the same time an armoured Cima Di Lan stronghold was blown up and fell into our hands. With the fall of these two works a breach has been made in the strongest group of Italian frontier positions. Lamone and Fonzaso have been captured.

"During the last few days Field Marshal Conrad's troops have brought in over 2,500 prisoners.

"In the Cordova valley, an Italian regiment was compelled to lay down its arms. We took the staff colonel and officers and 4,000 men prisoners.

"On the lower Piave there has been lively fighting at some points.

"In the eastern theatre, apart from a thrust undertaken near Gorodisce, nothing of importance has occurred.

Alberta Farmers' Live Stock Bulletin

Cattle—With a moderation of cattle during the early part of the week and a brisk demand for all classes of killing cattle, prices were good and 25 cents per 100 lbs. was paid in advance of last week's close. Heavy receipts of cattle came on Thursday and continued all night until on Friday morning the commission men were at a loss to know where to put them. The active demand for feeding steers that has been the brightest part of the trade during the past few weeks was lacking and we had to rely on the packers taking the bulk of the cattle, with keen competition on the choice heavy cattle, prices were high on Wednesday and sold one extra good steer for Mr. Larson of Idlewild at 11 cents. This steer weighed 1,620, and was pronounced by the experts to be one of the best steers ever shipped here. Another steer in the same shipment weighed 1,550 and sold for \$10.00 with common stuff selling from \$7.00 to \$7.40 and common cows \$5.50 to \$6.50 with a brisk demand for canners at \$3.25 to \$4.50. We sold a number of choice oxen at \$8.25 and others at \$8.00 with \$6.00 and \$7.00 paid for medium and canners down to \$4.00. Top bulls bring \$6.50 with medium at \$6.00 to \$6.25 and Bolognas \$4.50 to \$5.50. The demand for stockers had been slow and it is hard to sell common stockers, especially if thin. Some extra well bred ones would bring \$65.00 to \$70.00 with the common sort down to \$50.00. Yearlings are worth from \$52.00 to \$55.00 with two year old steers \$50 to \$55 lbs. from \$7.50 to \$7.75. Calves are being held at \$38.00 to \$40.00 with few buyers. We bought and shipped one car of stockers to Cayley, one to Nanton, one to Vulcan and one to Okotoks.

Top price on cattle a year ago, \$7.60.

Hogs—Hog receipts during the early part of the week were light. We sold our Wednesday hogs at \$15.00 and Thursday hogs \$16.00 and on Friday morning our hogs realized \$16.35. There were more hogs for sale than has been the case for several weeks and the spring hogs are beginning to be regular arrivals. We would advise our shippers not to ship their hogs too soon as there is a heavy cut on light hogs under 140 lbs. Top price on hogs a year ago, \$10.35.

Sheep—The prices continue steady with choice lambs selling from \$12.50 to \$14.00. Wethers \$12.00 to \$13.50, and Ewes \$10.00 to \$11.00. Several bunches of breeding ewes have been offered at \$14.00 to \$16.00, but the majority of buyers consider prices too high.

BAPTIST ANNIVERSARY.

The anniversary of the Baptist Church was a conspicuous success. It was a season of moral and spiritual uplift. Rev. J. Austin Huntley was the preacher and presented stirring and inspiring sermons. In the morning he preached on the "Defences of the Soul," and in the evening on "Modern Idolatry." Good congregations were in attendance at both services. In the afternoon an audience of nearly 70 greeted Mr. Huntley at Poplar Ridge, where he gave a beautiful sermon on "Christ outside the door."

On Monday evening in the Parish Hall the anniversary was continued when the ladies of the church provided a sumptuous supper, which was followed by a lecture on "Earl Kitchener, our lost leader," given by Rev. Huntley. The evening was a most enjoyable one. After participating in a feast of fat things, the people shared in a mental feast in the lecture of the evening. Mr. Huntley eulogized Kitchener in eloquent language. He traced his military career in Egypt, the Sudan, and South Africa, and showed how on the basis of sheer merit he climbed to the place of military eminence. He also made clear how only a man of Kitchener's strength and personality could have mobilized the enormous army at the outbreak of war, which saved England from shame and defeat. He also referred to Kitchener's moral ideals, and how he endeavored to infuse them into the hearts of his soldiers. These ideals grew in beauty and strength as the speaker contrasted them with the base and selfish methods of warfare, which are the outcome of the German philosophy that might was right.

In closing his lecture the speaker showed how fitting was the manner of Kitchener's death in the height of his military renown, and as a representative of British greatness. In his death he had for his casket a battleship, and for his sepulchre the ocean depths over which England rules supreme.

The meeting closed with the singing of the National Anthem.

The consensus of opinion of newspaper writers elsewhere seems to be that in "The Love of a King" Albert Brown, its star, has a play that for all round merit will compare with any other produced in years.
